Dear Mr. DeGryse:

On November 11, 1986, an authorized representative of the Environmental Protection Agency (EPA) conducted a compliance evaluation inspection at Eagle Signal Controls. That inspection, conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA), 42 U.S.C. Section 6927, was to determine Eagle Signal Controls' compliance with the hazardous waste regulations.

A Notice of Violation (NOV) was issued to your facility at the close of the inspection. This NOV cited the following violations:

1. 40 CFR 262.34(d)(4)(ii) - Failure to have emergency information posted next to phone in area of punch press foreman's desk.
2. 40 CFR 262.34(c)(1) - Failure to label satellite accumulation drums with "hazardous waste" or identification of its contents.

On December 1, 1986, you responded to the NOV. Your response has been reviewed and has been determined to be adequate. Based on this determination, no further submittals are necessary at this time.

If you have any questions in this matter, you should contact Ms. Lynn Slugantz at 913/236-2887.

Sincerely yours,

David A. Wagoner
